About Scopus Author Identifier

The Scopus Author Identifier assigns a unique number to groups of documents written by the same author via an algorithm that matches authorship based on a certain criteria. If a document cannot be confidently matched with an author identifier, it is grouped separately. In this case, you may see more than one entry for the same author.

Dear Sir/Madam

Ref: Professor Abbas Taher

Dean of Faculty of Dentistry, University of Kufa , Kufa,Iraq

This is to confirm that Professor Abbas Taher working at our University as a Dean of Faculty of Dentistry, and adviser of the International relationship since 2013up. He was involved in teaching and supervising of the postgraduate students for the Hospital Management and Health care crisis Management since 2013 to date. The students who are involved in this course were graduated from faculties of Medicine, Dentistry, Nursing, Pharmacy and Economy/ Administration.

Professor Taher demonstrated excellent organisational skills during his responsibility at the University. His ability to lead successfully was shown each time he involved, also volunteered to be team leader of a research group and he was able to solve any problems encountered quickly and effectively while listening to others. He is a friendly individual who is bright and motivated and always willing to learn and develop.

In conclusion, I would highly recommend Abbas for the position he applied. If his performance at University of Kufa is an indication of how he would perform in the job, I believe he will be a very positive addition to your organization.
